

FINANCIAL STATEMENTS Year ended March 31, 2017

MANAGEMENT'S STATEMENT OF RESPONSIBILITY

To the Board of Governors of Emily Carr University of Art + Design

Management is responsible for the preparation and presentation of the accompanying financial statements, including responsibility for significant accounting judgments and estimates in compliance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Board of Governors and Board Finance and Audit Committee are composed primarily of those who are neither management nor employees of the University. The Board is responsible for overseeing management in the performance of its financial reporting responsibilities and for approving the financial information included in the annual report. The Board Finance and Audit Committee has the responsibility of meeting with management and external auditors to discuss the financial reporting process, auditing matters, financial reporting issues, and recommends approval of the financial statements to the Board. The Committee is also responsible for recommending the appointment of the University's external auditor.

KPMG LLP, an independent firm of Chartered Professional Accountants, is appointed by the Board to audit the financial statements and report directly to them through the Board Finance and Audit Committee; their report follows. The external auditor has full and free access to, and meets periodically and separately with, both the Committee and management to discuss their audit findings.

On behalf of Emily Carr University of Art + Design

Michael Clifford, Vice President Finance + Administration

INDEPENDENT AUDITORS' REPORT

To the Members of the Board of Governors of Emily Carr University of Art + Design, and To the Minister of Advanced Education, Province of British Columbia

We have audited the accompanying financial statements of Emily Carr University of Art + Design, which comprise the statement of financial position as at March 31, 2017, the statements of operations and accumulated surplus, remeasurement gains and losses, changes in net debt and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements of Emily Carr University of Art + Design as at March 31, 2017 and for the year then ended are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

Emphasis of Matter

Without modifying our opinion, we draw attention to Note 1 to the financial statements which describe the basis of accounting and the significant differences between such basis of accounting and Canadian public sector accounting standards.

Notes to Financial Statements

Year ended March 31, 2017

Emily Carr University of Art + Design (the "University") is a post-secondary educational university that was granted university status on September 1, 2008 and incorporated under the amended University Act. The University was formerly known as the Emily Carr Institute of Art + Design and was incorporated under the College and Institute Act. The University is a learning community devoted to excellence and innovation in Visual Arts, Media Arts and Design and receives significant funding from the British Columbia Provincial Government. The University is exempt from income taxation under Section 149 of the Income Tax Act.

1. Significant accounting policies:

(a) Basis of presentation:

The financial statements have been prepared in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board.

The Budget Transparency and Accountability Act requires that the financial statements be prepared in accordance with the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada, or if the Treasury Board makes a regulation, the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada as modified by the alternate standard or guideline or part thereof adopted in the regulation.

Regulation 257/2010 requires all tax-payer supported organizations in the Schools, Universities, Colleges and Hospitals sectors to adopt Canadian public sector accounting standards without any PS4200 elections effective their first fiscal year commencing after January 1, 2012.

Regulation 198/2011 requires that restricted contributions received or receivable for acquiring or developing a depreciable tangible capital asset or contributions in the form of a depreciable tangible capital asset are to be deferred and recognized in revenue at the same rate that amortization of the related tangible capital asset is recorded.

For British Columbia tax-payer supported organizations, these contributions include government transfers and externally restricted contributions.

The accounting policy requirements under Regulation 198/2011 are significantly different from the requirements of Canadian public sector accounting standards which requires government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410. As a result, revenue recognized in the statement of operations and certain related deferred capital contributions would be recorded differently under Canadian Public Sector Accounting Standards.

Year ended March 31, 2017

1. Significant accounting policies (continued):

(b) Controlled entity:

The University controls the Emily Carr Foundation by virtue of its ability to appoint a majority of the Foundation's Board of Directors. The Foundation's net assets and operating activity as at and for the years ended March 31, 2017 and 2016 were insignificant.

(c) Investments in Government Business Enterprises:

Great Northern Way Campus Trust (GNW Campus Trust)

The University participates as an equal beneficiary in a Joint Venture with British Columbia Institute of Technology, University of British Columbia and Simon Fraser University. Joint Venture members participate equally in the control of the GNW Campus Trust. GNW Campus Trust is a trust established for the four institutions (the "Owners"), each of whom is an equal shareholder in Great Northern Way Campus Ltd. and each of whom appoints one director to its Board of Directors.

The Trust holds the legal and beneficial interest in the lands and premises located at 555 and 577 Great Northern Way and 375 East 1st Avenue, Vancouver, British Columbia, which were acquired by way of donation from Finning International Inc.

The Trust is considered to be a government business enterprise (GBE), which is accounted for by the modified equity method. Under this method, the University's investment in the GNW Campus Trust business enterprise and its net income and other changes in equity are recorded using the modified equity method. No adjustment is made to conform the accounting policies of the government business enterprise to those of the University other than if other comprehensive income exists; it is accounted for as an adjustment to accumulated surplus of the University. Inter-organizational transactions and balances have not been eliminated, except for any profit or loss on transactions between entities of assets that remain within the entities controlled by the University. Any dividends the University receives from GNW Campus Trust are reflected as a reduction in the investment asset account.

The Trust has a December 31st fiscal year end, which is used to record the equity income. Any material transactions between December 31st and the fiscal year end of the University are recognized in the financial statements.

The University monitors the recoverability of revenue generating long-lived assets within GNW Campus Trust based on estimates using factors such as expected future asset utilization, economic outlook and future cash flows expected to result from the use of the related assets or be realized on sale. The University recognizes an impairment loss if the projected undiscounted aggregate cash flows are less than the carrying amount. The amount of impairment charge, if any, is defined as the excess of carrying value over its fair value.

Year ended March 31, 2017

1. Significant accounting policies (continued):

(c) Investments in Government Business Enterprises (continued):

On an annual basis, the University reviews the GNW Campus Trust's continuance as a going concern and classification as a GBE, which is dependent upon continued positive earnings. If the going concern basis is not appropriate, adjustments may be necessary in the carrying amounts of the GNW Campus Trust Fund assets, liabilities and expenses in these financial statements and the adjustments could be material.

(d) Cash and cash equivalents:

Cash and cash equivalents include highly liquid investments with a term to maturity of three months or less at the date of purchase.

(e) Revenue recognition:

Tuition and student fees and sales of goods and services are reported as revenue at the time the services are provided or the products are delivered, and collection is reasonably assured.

Unrestricted donations, grants and contributions are recorded as revenue when receivable if the amounts can be estimated and collection is reasonably assured.

Restricted donations, grants and contributions are reported as revenue depending on the nature of the restrictions on the use of the funds by the contributors as follows:

- (i) Contributions for the purpose of acquiring or developing a depreciable tangible capital asset or contributions in the form of a depreciable tangible capital asset are recorded in accordance with Regulation 198/2011 which requires that they be recorded and referred to as deferred capital contributions and recognized in revenue at the same rate that amortization of the related tangible capital asset is recorded. The reduction of the deferred capital contributions and the recognition of the revenue are accounted for in the fiscal period during which the tangible capital asset is used to provide services. The University records deferred capital contributions as part of deferred contributions on the statement of financial position (note 10).
- (ii) Contributions restricted for specific purposes other than those for the acquisition or development of a depreciable tangible capital asset are recorded as deferred contributions and recognized in revenue in the year in which the stipulation or restriction on the contributions have been met.
- (iii) Endowment contributions are recognized as revenue when received. Any related investment income earned thereon is deferred when earned in accordance with the stipulations in the endowment agreements. The income is recognized as revenue when it is spent on the purpose specified.

Year ended March 31, 2017

1. Significant accounting policies (continued)

- (e) Revenue recognition (continued):
 - (iv) Donations of capital assets that would otherwise be purchased are accounted for at fair value when a fair value can be reasonably estimated.

Land disposals by the GNW Campus Trust are recognized as revenue by GNW Campus Trust when the agreement for sale has been entered into, an appropriate down payment has been received and all conditions of the agreement have been met, including the passage of the risks and rewards of ownership.

The GNW Campus Trust has retained substantially all of the risks and benefits of ownership of its revenue-producing properties and therefore accounts for its leases with its tenants as operating leases. Rental revenue is recorded on a straight line basis over the term of the rental period.

(f) Service contributions:

Contributions of supplies and services that would otherwise have been purchased are not recognized in these financial statements.

(g) Inventories for resale:

Inventories for resale are recorded at the lower of cost or net realizable value. Cost is comprised of the purchase price, freight and handling costs, net taxes and any other costs directly attributable to bringing inventories to their present location, and is determined on a specific items basis. Inventories are written down to net realizable value when the cost of inventories is not estimated to be recoverable due to declining selling prices.

(h) Financial instruments:

Financial instruments are initially classified upon initial recognition as a fair value or amortized cost instrument. Transaction costs are added to the amortized cost or expensed if they relate to instruments recorded on a fair value basis. The effective interest rate method is used to recognize interest. Unrealized gains and losses from changes in the fair value of financial instruments are recognized in the statement of remeasurement gains and losses until such time that the financial asset is derecognized due to disposal or impairment. At the time of derecognition, the related realized gains and losses are recognized in the statement of remeasurement gains and losses. Restricted endowment interest is recognized as a direct increase to deferred contributions until distributed for the specified purpose. Interest and dividends attributable to financial instruments are reported in the statement of operations.

Endowment investments are held in perpetuity and presented as non-financial assets as they are not available for consumption or to discharge liabilities. The investments are recorded at fair value.

Notes to Financial Statements (continued)

Year ended March 31, 2017

1. Significant accounting policies (continued)

(h) Financial instruments (continued):

The University's financial instruments are comprised of and measured as follows:

- Investments elected to be recorded at fair value.
- Accounts receivable and accounts payable and accrual liabilities are measured at amortized cost using the effective interest method.
- (i) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets:

Tangible capital assets are recorded at cost, which includes amounts that are directly attributable to acquisition, construction, development, or betterment of the asset and overhead directly attributable to construction and development. Interest is capitalized over the development period whenever external debt is issued to finance the construction and development of tangible capital assets.

The cost, less residual value, of the tangible capital assets, excluding land, is amortized on a straight line basis over their estimated useful lives as follows:

Asset	Period
Emily Carr campus buildings	40 years
Furniture and equipment	5 - 10 years
Computer equipment	3 years
Library materials	10 years

Assets under development or construction are not amortized until the asset is available for productive use.

(ii) Leased tangible capital assets:

Leases, which transfer substantially all of the benefits and risks incidental to ownership of property, are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

Notes to Financial Statements (continued)

Year ended March 31, 2017

1. Significant accounting policies (continued):

- (i) Non-financial assets (continued):
 - (iii) Impairment of tangible capital assets:

Tangible capital assets are written down when conditions indicate that they no longer contribute to the University's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value.

(iv) Prepaid expenses:

Prepaid expenses are non-financial assets, which are expensed over the periods expected to benefit from them.

- (j) Employee future benefits:
 - (i) Multi-employer plans:

The University and its employees make contributions to the College Pension and Municipal Pension Plans (the "Plans") which are multi-employer joint trustee plans. These plans are defined benefit plans, providing a pension on retirement based on the member's age at retirement, length of service and highest earnings averaged over five years. Inflation adjustments are contingent upon available funding. As the assets and liabilities of the plans are not segregated by institution, the plans are accounted for as a defined contribution plan and any contributions of the University to the plans are expensed as incurred.

(ii) Employee leave benefits:

The University allows employees to accumulate unused vacation days and gratuity days for future use. Any unused vacation or gratuity days are recorded as a liability when earned. The University does not allow employees to carryforward and utilize any unused sick days.

(k) Asset retirement obligations:

The University recognizes asset retirement obligations in the period in which it incurs a legal obligation associated with the retirement of a tangible long-lived asset, including leased premises resulting from the acquisition, construction, development, and/or normal use of the asset. The fair value of the asset retirement cost is capitalized as part of the carrying value of the related long-lived asset and is amortized over the life of the asset. The liability may be changed to reflect the passage of time and changes in the fair value assessment of the retirement obligation. The University has determined that there were no significant asset retirement obligations to be recognized as at March 31, 2017.

Notes to Financial Statements (continued)

Year ended March 31, 2017

1. Significant accounting policies (continued):

(I) Foreign currency transactions:

The University's functional currency is the Canadian dollar. Transactions in foreign currencies are translated into Canadian dollars at the exchange rate in effect on the transaction date. Monetary assets and liabilities denominated in foreign currencies and non-monetary assets and liabilities which were designated in the fair value category under the financial instrument standard are reflected in the financial statements in equivalent Canadian dollars at the exchange rate in effect on the statement of financial position date. Any gain or loss resulting from a change in rates between the transaction date and the settlement date or the statement of financial position date is recognized in the statement of remeasurement gains and losses. In the period of settlement, the related cumulative remeasurement gain/loss is reversed in the statement of remeasurement gain or loss in relation to the exchange rate at the date of the item's initial recognition is recognized in the statement of operations.

(m) Capitalization of public-private partnership projects:

Public-private partnership ("P3") projects are delivered by private sector partners selected to design, build, finance, and maintain the assets. The cost of the assets under construction is estimated at fair value, based on construction progress billings verified by an independent certifier, and also includes other costs incurred directly by the University.

The asset cost includes development and financing fees estimated at fair value, which require the extraction of cost information from the financial model embedded in the project agreement. Interest during construction is also included in the asset cost and is calculated on the P3 asset value, less contributions received and amounts repaid, during the construction term. The interest rate used is the project internal rate of return.

When available for operations, the project assets are amortized over their estimated useful lives.

Correspondingly, an obligation for the cost of capital and financing received to date, net of the contributions received, is recorded as a liability and included as debt on the statement of financial position.

Upon substantial completion, the private sector partner receives monthly payments to cover the partner's operating costs, financing costs and a return of their capital over the term of their project agreement.

Notes to Financial Statements (continued)

Year ended March 31, 2017

1. Significant accounting policies (continued):

(n) Use of estimates:

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenue and expenses for the periods reported. Significant areas requiring the use of management's estimates relate to the useful lives of tangible capital assets for the purposes of amortization, valuation of revenue-producing properties and property under development held by the GNW Campus Trust, net realizable value of inventories for resale, collectibility of accounts receivable, provisions for employee benefit obligations, and provisions for contingent liabilities. Where actual results differ from these estimates and assumptions, the impact will be recorded in future periods when the difference becomes known.

(o) Budget figures:

Budget figures have been provided for comparative purposes and have been derived from the 2016/17 Budget Projection approved by the Board of Governors of the University on April 28, 2016.

(p) Contaminated sites:

A liability for contaminated sites is recognized when a site is not in productive use and the following criteria are met:

- (i) An environmental standard exists;
- (ii) Contamination exceeds the environmental standard;
- (iii) The University is directly responsible or accepts responsibility;
- (iv) It is expected that future economic benefits will be given up; and
- (v) A reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site. The University has determined that there was no contaminated sites liability to be recognized at March 31, 2017.

Year ended March 31, 2017

2. Accounts receivable:

	2017	2016
Tuition and trade receivables Due from government agencies Sales tax rebates receivable Dividend receivable Other	\$ 1,040,953 57,601 167,649 437,966 62,214	\$ 1,037,546 416,707 188,648 434,161 90,278
	\$ 1,766,383	\$ 2,167,340

3. Investments:

Financial assets and endowment investments recorded at fair value are comprised of fixed income securities and mutual funds with the fixed income securities having maturities greater than one year at time of purchase.

All fixed income securities held at March 31, 2017 mature at various dates to April 2022 (2016 - various dates to March 2021) and bear interest at rates ranging from 1.65% to 2.90% per annum (2016 - 1.8% to 4.65%).

4. Endowment investments:

Restricted investments represent that portion of endowment funds that are to be held in perpetuity by the University and are not available for use for operations or capital purchases. Only the income from the investments is available to the University, and in some cases only a part of the income. The balance must be reinvested to maintain the capital.

In accordance with University policy, endowment funds are invested in highly liquid securities that are not rated lower than A by Canadian Bond Rating Service at the time of investment. Permitted securities include government bonds, commercial paper, term deposits, guaranteed investment certificates, banker's acceptances and corporate bonds.

Capitalization on investments is 10% of the income earned on the endowment. The uncapitalized portion of income earned is available for disbursement to students in the form of scholarships, bursaries and awards.

		2016		Earned		Transfer fund		Amounts received/ spent		Amounts 2017
Trust fund endowment	¢	E 100 070	¢	110.092	¢	(44,495)	¢		¢	E 000 EG7
Principal contribution Investment income earned	\$	5,122,070 83,361	\$	119,982 114,654	\$	(11,485) 2,049	\$	(128,487)	\$	5,230,567 71,577
Total	\$	5,205,431	\$	234,636	\$	(9,436)	\$	(128,487)	\$	5,302,144

5. Investment in GNW Campus Trust:

The University has a 25% share of the GNW Campus Trust.

	2017	2016
Investment in GNW Campus Trust Other comprehensive income	\$ 19,337,416 (208,581)	\$ 16,662,921 (540,201)
	\$ 19,128,835	\$ 16,122,720
	2017	2016
Investment at beginning of year Distributions declared Contributions from Emily Carr	\$ 16,122,720 (437,966) 434,161	\$ 14,586,126 (434,161) 1,176,343
Net earnings Other comprehensive income	2,678,300 331,620	1,133,194 (338,782)
Investment at end of year	\$ 19,128,835	\$ 16,122,720

The University's 25% share of the GNW Campus Trust is of the following:

	2017	2016
Financial assets Liabilities	\$ 11,552,395 3,902,317	\$ 8,255,032 4,945,626
Net assets Non-financial assets	7,650,078 11,478,757	3,309,406 12,813,314
Accumulated surplus	\$ 19,128,835	\$ 16,122,720
	2017	2016

Surplus for the year	\$ 2,678,300	\$ 1,133,194

Under the provision of the Trust Deed, Great Northern Way Campus Ltd. in its capacity as trustee of the GNW Campus Trust, and at its sole discretion, is required to distribute all net income of the GNW Campus Trust to the beneficiaries. A distribution of \$1,751,864 was declared in fiscal 2016 (2015 - \$1,736,644) with \$437,966 (2016 - \$434,161) as the University's 25% share.

(a) Campus redevelopment in progress:

Campus redevelopment in progress relates to the Great Northern Way Campus development and includes \$3,015,413 of capitalized interest. The capitalized costs to date are not amortized until the asset is available for productive use. The new campus is expected to be completed and put in service in August 2017 at which time amortization will begin.

Notes to Financial Statements (continued)

Year ended March 31, 2017

6. Tangible capital assets (continued):

(a) Campus redevelopment in progress (continued):

The future use of the current campus buildings on Granville Island along with the leased portion of the campus premises with CMHC are under review and determination. No impairment is expected on the carrying value of the University owned buildings as assessed by management as at March 31, 2017. The financial impact of any transactions related to both the owned and leased buildings will be accounted for in the period the transactions are effected and the financial impact is determinable.

(b) Works of art and historical treasures:

The University manages and controls various works of art including paintings, drawings, prints, lithographs and etchings located on site in public display areas. These assets have an appraised value of \$2,783,599, but are not recorded as tangible capital assets on these financial statements.

7. Accounts payable and accrued liabilities:

	2017	2016
Trade accounts payable and accrued liabilities Accrued payroll benefits	\$ 5,540,818	\$ 3,819,312
Holiday pay	1,261,638	1,177,937

	\$ 7,253,826	\$ 5,347,989

8. Debt:

	2017	2016
Concessionaire payable – Campus Redevelopment Project with AAP Partnership, payable in monthly payments commencing after the construction period including annual interest of 4.55%, in accordance with the project agreement terms. Required principal repayments on P3 debt for the years ending March 31 are disclosed with public-private partnership commitments in note 11(c)	\$ 55,841,207	\$ 22,327,928
Other	-	4,835
	\$ 55,841,207	\$ 22,332,763

Notes to Financial Statements (continued)

Year ended March 31, 2017

9. Employee future benefits:

The University and its employees contribute to the College Pension Plan and Municipal Pension Plan, jointly trusteed pension plans. The boards of trustees for these plans represent plan members and employers and are responsible for the management of the pension plan, including investment of the assets and administration of benefits. The pension plans are multi-employer defined benefit pension plans. Basic pension benefits provided are based on a formula. As at August 31, 2016 the College Pension Plan has about 14,000 active members and approximately 7,000 retired members. As at December 31, 2015 the Municipal Pension Plan has about 189,000 active members, including approximately 5,800 from colleges.

The most recent actuarial valuation for the College Pension Plan as at August 31, 2015 indicated a \$67 million funding surplus for basic pension benefits. The next valuation will be August 31, 2018 with results available in 2019. The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2015 indicated a \$2,224 million funding surplus for basic pension benefits. The next valuation will be December 31, 2018 with results available in 2019.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for the plans in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

The University's employer contributions to the plans amounted to \$1,651,863 in 2017 (2016 - \$1,603,204).

		Amounts		Amortized	
	2016	received	Transfers	as revenue	2017
Provincial Operating	\$ 3,181,862	\$ 1,824,213	\$ -	\$ (923,587)	\$ 4,082,488

Other Capital	1,097,657	11,025	16,301,644	(37,072)	17,373,254
Deferred capital contributions	42,048,654	17,672,487	16,301,644	(1,275,528)	74,747,257
Total	\$ 55,535,979	\$ 29,838,667	\$ -	\$ (4,177,301)	\$ 81,197,345

10. Deferred contributions:

Included in deferred capital contributions are unspent funds of \$7,200,182 (2016 - \$998,829).

Notes to Financial Statements (continued)

Year ended March 31, 2017

11. Commitments and contingencies:

(a) Operating and building leases:

The University has entered into operating leases with respect to land, premises and operating equipment. The terms and conditions of the building leases are currently under review. At March 31, 2017, the University is obligated to make the following minimum lease payments in each of the next five fiscal years ending March 31:

2018	\$ 602,802
2019	420,728
2020	409,535
2021	412,834
2022	417,761
	\$ 2,263,660

(b) GNW Campus Trust commitments:

- (i) The GNW Campus Trust has provided letters of guarantee totaling \$2,284,676 (2016 -\$3,982,261) for various on-site and off-site servicing and street works projects.
- (ii) The GNW site is currently zoned pursuant to CD-1 (402) Comprehensive Development Zone. A condition of the CD-1 zoning is related to servicing and engineering obligations both on and off the site. When the site was partially gifted, these obligations were assumed by the Trust when it and the partner institutions entered into an Assignment and Assumptions Agreement with the City of Vancouver in 2002. This agreement pertains to the entire land area under CD-1 (402) zoning, including land not owned by the Trust. This agreement obligates the Trust to reimburse the City of Vancouver for certain costs in addition to carrying out certain on-site and off-site servicing works. The timing of payments is largely contingent on activities that may be performed by the GNW Campus Trust in the coming years as part of its site development plan.

Under the subdivision process currently underway, this agreement is being replaced by updated servicing requirements that reflect the current Structure Plan. The new servicing requirements will be registered on title as servicing agreements on each of the nine newly created lots. The Trust is currently negotiating these servicing obligations through the subdivision process. Payment for these works will be triggered by a development permit issuance on each of the lots.

Notes to Financial Statements (continued)

Year ended March 31, 2017

11. Commitments and contingencies (continued):

- (b) GNW Campus Trust commitments (continued):
 - (iii) Effective September 1, 2010, the GNW Campus Trust entered into a Management Services Agreement with SFU whereby SFU will provide certain budget and financial services, student services, and academic and administrative services relating to the Masters in Digital Media (MDM) program. The Agreement was amended on December 2, 2014 to include an allocation of space in buildings 685 and 577 for the MDM program, and the appointment of a principal contact by SFU to oversee the terms of the Agreement. The Trust agrees to pay SFU six percent (6%) of the gross tuition and mandatory fees in return for these services. The agreement was renewed in December 2015 for another three-year term expiring in December 2018.
 - (iv) The Trustee executed a Right of Use Agreement (the "ROU") with the University dated March 14, 2014, to provide the University with an exclusive license to use Lot 1 and an offsite parking area as of January 31, 2015. In furtherance of the University relocation project, the Trustee also executed ROU Addenda #1 and #2 dated October 9, 2014 and October 5, 2015 respectively. Addendum #1 obligates the Trustee to provide the University with a serviced site including demolition, environmental remediation and road construction. These servicing obligations have been quantified and recorded as accrued liabilities in the financial statements. On February 15, 2017 the GNW Campus Trust and the University entered into a conditional Purchase and Sale Agreement for Lot 1. See Note 17.
- (c) Public-private partnership commitments:

The University has entered into multiple-year P3 contracts to design, build, finance and maintain the Great Northern Way Campus redevelopment project. The information presented below shows the anticipated cash outflow for future obligations under these contracts for the capital cost and financing of the asset, the facility maintenance and the lifecycle costs. As construction progresses, the asset values are recorded as capital assets and the corresponding liabilities are recorded as debt as disclosed in note 8. Facilities maintenance and life cycle payments to the private partner are contingent on specified performance criteria and include an estimation of inflation where applicable.

	Capital and financing	nanagement and lifecycle	Total payments
2018 2019 2020 2021 2022 Thereafter	\$ 6,118,932 3,737,028 3,737,028 3,737,028 3,737,028 93,228,468	\$ 1,334,163 1,925,235 1,998,974 2,068,105 2,109,305 86,047,903	\$ 7,453,095 5,662,263 5,736,002 5,805,133 5,846,333 179,276,371
	\$ 114,295,512	\$ 95,483,685	\$ 209,779,197

Year ended March 31, 2017

11. Commitments and contingencies (continued):

(c) Public-private partnership commitments (continued):

Principal repayments on P3 debt included in capital and financing commitments above will commence at project service commencement date which is anticipated to occur in fiscal 2018.

12. Capital lease obligation:

The University has entered into capital leases with respect to computer equipment. The principal and interest payments are as follows:

	2017	2016
2017	\$ -	\$ 229,982
2018	296,788	196,739
2019	184,700	84,651

Other		360,481	343,980
	\$	34,482,552	\$ 32,996,899

14. Funds held by Vancouver Foundation:

The University has endowment funds of \$730,855 (2016 - \$696,663) with the Vancouver Foundation. These funds are permanent funds with the Foundation which provides income for scholarships, bursaries and other student aid at the University. The funds are not under University ownership or control. The University has recorded its contributions to the funds as donation expenses. The University received amounts totaling \$21,535 (2016 - \$20,745) as income from the funds during the year.

Notes to Financial Statements (continued)

Year ended March 31, 2017

15. Financial risk management:

The University is exposed to risks of varying degrees of significance from its use of financial instruments which could affect its ability to achieve its strategic objectives. The Board of Governors ensures that the University has identified its major risks and ensures that management monitors and controls them.

(a) Fair values:

Generally accepted accounting principles define the fair value of a financial instrument as the amount at which the instrument could be exchanged in a current transaction between willing parties. The carrying values of cash and cash equivalents, investments, accounts receivable and accounts payable approximate their fair value due to the relatively short periods to maturity of these items or because they are receivable or payable on demand.

All of the University's financial instruments are measured at fair value based on the Level 2 method, using inputs other than quoted prices that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

(b) Liquidity risk:

Liquidity risk is the risk that the University is not able to meet its financial obligations as they become due, or can only do so at excessive costs. The University establishes budgets and cash flow projections to ensure it has the necessary funds, including access to a bank operating line of credit to fulfill its obligations when due.

(c) Market risk:

Market risk is the risk that changes in market prices, such as interest rates, will affect the University's income. The objective of market risk management is to control market risk exposures within acceptable parameters while optimizing the return on risk.

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The University is exposed to this risk with respect to the P3 debt as disclosed in note 8.

(d) Credit risk:

Credit risk is the risk of financial loss to the University if a student or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held by the University consisting of cash and cash equivalents, amounts receivable and investments. The risk is mitigated by ensuring the majority of receivables are collected prior to delivery of programs.

Year ended March 31, 2017

15. Financial risk management (continued):

(d) Credit risk (continued):

The University's exposure to credit risk is influenced mainly by the individual characteristics of each student. The University is exposed to credit risk in the event of non-payment of billings. This risk is mitigated by the University's prompt collection process and ability to withhold transcripts.

The University accounts for a specific bad debt provision when management considers that the expected recovery is less than the account receivable.

16. Accumulated surplus:

Accumulated surplus is comprised of the following:

	2017	2016
Equity of GNW Campus Trust Invested in tangible capital assets Internally restricted for special projects Internally restricted for student awards Endowments	\$ 19,128,835 1,344,811 894,147 229,991 5,230,567	\$ 16,122,720 1,118,004 748,471 455,549 5,122,070
Unappropriated surplus	\$ 2,224,425	2,217,724 \$ 25,784,538

17. Subsequent event:

On February 15, 2017, the University, as Purchaser, and Great Northern Way Campus Ltd., as Vendor, entered into a Purchase and Sale Agreement with respect to lands described as Lot Q situated on the Great Northern Way Campus site, Vancouver, BC.

The acquisition cost of the lands has been agreed at \$14.4 million.

The agreement is considered complete and unconditional upon the satisfactory completion of specified subject conditions, which occurred on May 10, 2017. On May 12, 2017 Great Northern Way Campus Ltd. declared a capital dividend of \$14.4 million to each of its shareholders and correspondingly issued promissory notes payable to each shareholder.

The promissory note payable to the University, as Purchaser, shall be deemed to be fully settled by transfer of the lands pursuant to the terms of the agreement.

The lands will be recorded as a capital asset acquisition in fiscal year 2017/18.
