The Chair of Senate asked that the Academic Calendar be brought back to the APP Committee for further discussions. ### III. REPORTS

1. Chair's report. Dr. Gillian Siddall reported on a meeting with Ministry on January 30.

Kim Peacock, Board Chair, also attended the meeting with DM Shannon Baskerville, ADM Kevin Brewster, and ADM Jeff Vasey.

- The Budget Mitigation Plan has been well-received by the Ministry, and assurances of on-going support were made.
- The Ministry noted that ECU is highly regarded, provincially, nationally and internationally.
- The Ministry requested that the university continue to develop and evolve the deficit mitigation plan, to start preparing monthly reports on its implementation, and to resubmit it to Ministry in 6-8 months.

Dr. Siddall noted that there is now a projected surplus in 2020/2021 resulting from an increase in international students and hiring for some approved positions that was not completed within this fiscal year. It was noted that we would nonetheless not have had a surplus this year if we had not used deferred contributions.

Dr. Siddall reported on the finalization of the membership list for the Climate Action Task Force, and planning for the formation of the EDI Committee.

Dr. Siddall further reported that the departmental unit plans will be uploaded to Hive, and that the Deans will provide updates on the implementation of their unit plans to Senate at the next meeting.

2. Vice Chair's report. Dr. Trish Kelly reported on the increased number of scheduled summer courses this year, from 40 to 70, referring to it as a pedagogical experiment. Some of the summer courses include foundry, tech and critical studies courses. If this summer's increased course schedule proves to be successful, summer terms will be used more fully going forward. It was noted that the Low Res program and the Summer Institute for Teens take place every summer.

Dr. Kelly reported that discussions regarding issues with the current Academic Timetable are ongoing with various constituencies. Some suggestions include starting classes at 9 am, instead of 8:30 am, and reducing the lunch hour. Further information will be reported to Senate at a later date regarding the Academic Timetable discussions.

### IV. OPEN FORUM – A Senator reported on the Indigenous Arts Symposium at Vancouver Community College on February 6. Information about the Symposium will be emailed to Senators.

A Senator inquired if discussions held at CPR committee meetings are recorded in the CPR minutes. The Provost confirmed that CPR minutes include detailed information.

A Senator inquired about the timing of distributing Teaching Awards. It was noted that Teaching Awards were formerly handed out at the All University meetings; the President confirmed that Teaching Awards will now be handed out at Convocation.

### V. NEXT MEETING – Monday, March 2, 2020, 10:00 am – 11:30 am.

### VI. ADJOURNMENT – The meeting adjourned at 11:16 am.
